beg to say my new spring (1914) book

I beg to say my new spring (1916) book is now ready showing and describing farms, ranches and stocked ranches in this county. This section that is known from coast to coast as "The Land of Independence," "The Garden Beyond the Sand Hills."

Now, I am NOT seeking the "smart alecks" neither am I seeking that man who is such a big liar himself that he thinks every one clase is, too—I am in search of those who wish to deal strictly on the square. Those who will ask formy book in good falth and will read it without prejudice and will "weigh it up"

on the square. Those who will ask formy book in good falth and will read it without prejudice and will "weigh it up" without skepticism. EVERY ASSERTION I nave made in that book is ABSO-LUTELY TRUE and, if you can not read my book with that confidence, DON'T SEND FOR IT. If, on the other hand, you are honest yourself and have a little confidence in your fellow men I WANT YOU to have my book.

These books contain more than 180 pictures, besides the reading matter describing my country; describing our social and religious advantages; our railroad facilities, etc., etc. Besides this, there are more than four score of different places ranging from eighty acres up to thousands of acres. described and langing in price from \$8 up to 500 per acre. NOW, REMEMBER, MY LANDS ARE MORE THAN SIXTY MILES BEYOND, THE SAND HILLS OF NEBRASKA, They are in a most fertile and rich farming section where GREAT CROPS of alfalfa, small grain and potatoes are harvested each year and where as high as sixty bushets of corn is raised to the acre, yet we do not claim so much for corn as for other

claim so much for corn as for other crops.

Now, if you are in earnest and would like to INVESTIGATE for a new location; if you would like to GET HERE AHEAD OF THE INEVITABLE HIGH PRICES THAT ARE SUBE TO COME TO LANDS HERE the same as in other POHMERLY NEW countries that are new HIGH-PRICED, write me for my new book and I will gladly mail it to you ABSOLUTELY FREE. Write today-tear this out and put it in your pecket see you will not forget; so you can read it over again, for every word is TRUE GOSPEL. Sincerely Yours.

ARAH L. HINGERFORD; Crawford, Dawes County Nebraska.

FARM & BANCH LANDS FOR SALE GRAIN AND PRODUCE MARKET

Speculators in Wheat Change Position Upon Exportation News.

139 ACRES, upland farm, 1 mile from tood town close in; small improvements out more than worth the money; \$85 per

80 ACRES, upland; almost entire 80 lays Shorts in the Yellow Cereal Refus to Cover Upon a Rising Market and Wait for Lower Prices.

Every speculator in the wheat market, not only at Chicago, but elsewhere, changed his position quickly yesterday when it was learned that a little of this grain was taken at Chicago and Kansas Cty by exporters. The message received from the southwestern market told of business on foreign account being done from day to day, but that the sales are made in a sub ross manner; that foreign buyers are acting and refuse to permit the sellers to make the purchases public. The more careful men here in the trade believe that we are in a position to sell considerable abroad and that the foreigners are likely to come after it. Kansas City reported cash concerns as huyers of May futures there and the same condition exists here. This was pointed out by the friends of the market as a sure reflection of export business. New York reported Liverpool as a buyer of a parcel of new Argentine wheat weighing sixty pounds to the measured bushel at \$1.05% and a parcel of No. I Manitoba at \$1.05% and a parcel of No. I Manitoba at \$1.05%. February shipment. There is generally two sides to any market and those who looked upon the export sales as anything but a strong bull help to the market said that New York was offering to resell cash wheat there at we lower than it can be replaced in Chicago. Nebraska was a heavy seller of the cash article to Chicago houses and a great deal of wheat that is coming from the west was bought at Kansas City and outside of this demand there is a sluggish and duli market in the city of the Kaw.

Cash wheat was Mille higher.

Corn was strong along with the wheat market yesterday and there were many of the best speculiators in the trade who were short and who refused to cover on the advance established. Net gains were short and who refused to cover on the advance established. Net gains were short and who refused to cover those made a month ago or the taking of some white corn by flour makers in feurope, and that this interest must have those made a month ago or the taking of some white corn by flour makers in

of price.

Cash corn was barty higher.

Higher prices ruled for oats yesterday, the strength coming largely from the advice in wheat and corn. Shorts were inclined to cover and longs with profits supplied their wants. The country movement is increasing some, while the cash trade shows no improvement to speak of, the business yesterday being confined to 120,000 bushe's.

Cash outs were 5,074c higher.

trade shows no improvement to speak of, the business yesterday being confined to 120,000 bushe's.

Cash oats were sellers of lard yesterday, but the ribs and pork were only peddless out ir a small way and ruled steady. Commission houses bought the entire list and some of the larger bolders increased their lines. As is generally the case the strength shown by grain helped the provision market no little.

The Chicago and Omaha markets will be closed on Thursday, February 12, Linceln's birthday.

CHICAGO GRAIN AND PROVISIONS Features of the Trading and Closing

Prices on Board of Trade.

CHICAGO, Feb. 11.—Salling by holders who wished to avoid any open risk during the holiday temorrow counterbalanced in the wheat market today the effect of a good export call and of a threatened cold wave. The market closed easy at the same as last night to be up. Other staples all showed a not decline—corn bigs to be, oats 1-16c and provisions 25,610c.

Export buying included both winter and spring wheat, and took piace here and in Kansas and at Duluth, as well as along the seaboard. Less talk was heard in regard to cash wheat being purchased to arrive in Chicago from Nebraska. Instead, there were dispatches from that state and from Kansas expressing fear that another severe drop in temperature would cause considerable damage to the growing crop. Bulls had further encouragement by reason of assertions that northwestern miliers would be unable soon to obtain sufficient supplies without going outside of the Dakotas and Minnesota.

Throughout virtually the entire day wheat prices held slightly above last night's level. Most of the seiling to

wheat prices held slightly above last night's level. Most of the selling to prepare for the holiday was withheld until just before the close. Corn weakened under an increase of ountry offerings and because of con-inued slowness of shipping demand. Re-sorts of a partial failure of the Argenports of a partial failure of the Argentine late sown crop helped to provent a more decided setback. Oats were depressed by the heaviness of cern and by incredulity about supposed export sales of Canadian oats at Buffalo.

In the provision crowd free selling by stock yard interests more than offset whatever bullishness might have resulted from an early advance in the price of hoss. Owners seemed to be especially determined to get rid of lard. Quotations closed as follows:

Stronger in Spots.

Quotations of the Day on Various HOG TRADE EXTREMELY DULL Active Buying Demand for Sheep and Lambs, with Everything Selling Early-Prices Steady to a Shade Higher.

> SOUTH OMAHA, Feb. 11, 1814.

\*Sunday.

\*Sunday.

CATTLE—Receipts were fairly liberal for a Wednesday, 150 cars being on sate. This brings the total for the three days up to 11,451 head, which is a few hundred head larger than for the corresponding days last week, but around 4,000 head smaller than for the same period a year are.

smaller than for the same period a year ago.

Receipts at no point were burdensome this morning and as there was a fair buying demand the market on beef steers took on a somewhat better tone. The general run of the offerings commanded fully steady prices, while cattle that were especially desirable or that happened to find favor in buyers' eves sold if anything a little higher. Here and there it was possible to find salesmen who thought they got as much as 10c higher than yesteeday for their best cattle. Among the offerings today were beeves good enough to bring \$4.00.

Cows and heifers were in good demand at fully steady prices. As was the case with beef steers, it was possible to find sellers who thought that their more desirable cattle brought a little stronger prices than yesterday.

Stockers and feeders were none too brisk. Speculators had a good many cattle of that description on hand and were not any too anxious for frosh supplies, especially as the weather reports indicated colder weather, with possible snow storms. Still, there was a fair demand and prices in most cases did not show much change as compared with yesterday.

Quotations on cattle: Good to choice beef steers, \$600.6 % fair to work here.

much change as compared with yesterday.

Quotations on caltie: Good to choice beef steers, \$8.00ge.75; fair to good beef steers, \$7.75eg.80; common to fair beef steers, \$7.75eg.80; common to fair beef steers, \$6.7567.75; good to choice cornfed helfers, \$6.7567.75; good to choice cows, \$6.2567.25; fair to good grades, \$5.40g6.25; common to fair grades, \$4.00g5.40; good to choice stockers and feeders, \$7.5068.00; fair to good stockers and feeders, \$7.5068.00; fair to good stockers and feeders, \$7.506.759; common to fair stockers and feeders, \$5.7506.759; common to fair stockers and feeders,

ports were received from other selling points before filling their orders. The trade continued throughout the forenoon to drag with very little busi-ress being transacted. Buyers were talk-ing 10c or more lower, while sellers were reas being transacted. Suyers were talking 10c or more lower, while sellers were
refusing to make concessions. In other
words, it was a complete deadlock. The
light hogs sold in the morning moved
largely at \$8.35(6.50, which, as noted
above, was fully 5c higher than yesterday. A few right good heavy hogs weighing 300 pounds or better also sold at \$2.50.
In the end the bulk of the hogs sold at
\$8.35(98.45, with a top at \$8.75.

SHEEF--Receipts were again moderate.

which was about enough to keep the trade in good, healthy condition. Ewes and lambs predominated, and the general quality of the offerings was better than

quality of the offerings was better than yesterday or on Monday. The market was a little slow in getting under way, but once the bulk of the receipts began to change hands trade was fairly active at prices generally steady to a shade higher on both sheep and lambs. In cases the improvement seemed better than this, but considering the improvement in quality as compared with the previous days of the week the general market could not be described as any better than already noted. Reports from other markets early were bearish rather than other-

NEW YORK STOCK MARKET

Level of Quotations Not Altered Appreciably by Day's Trading.

GENERAL ADVANCE SEEN EARLY Continued Improvement in Iron and

Steel Industry in Reported in the Weekly Trade Reviews.

NEW YORK. Feb. 11.—The level of stock market quotations was not altered appreciably by today's trading. Speculation lacked any suggestion of animation and the market apparently had settled down for a period of duliness. With a holiday at hand and in the absence of new incentives, for taking a position one way or the other professional traders were inclined to contract their operations. Early in the day there was a general advance which reached fair proportions in some cases, but in the late session gains were scaled down until at the close net changes in most cases were of no signi-

ket yesterday, was suspended. Lo traded in less than 10,000 shares closely divided between purchases

traded in less than 10,000 shares here, closely divided between purchases and sales.

The only event of the day on which a speculative movement might have been based was passed by almost unnoticed. Southern Pacific was not affected by filing of the government's suit to compel it to relinquish control of Central Pacific. At the opening the stock moved off, its heaviness being ascribed to Washington reports that the suit would be filed, but the fractional loss was recovered before word came of the action in court. Southern Pacific collateral bonds moved up strongly for a time, being purchased with the idea that, should the government win its case, Southern Pacific would be compelled to retire the bonds at par, in order to free the Central Pacific stock which is security for the bonds.

Continued improvement in the iron and steel industry was reported in the weekly trade reviews, corroborating the impression gained from United States Steel's monthly statement. The trend of business condition indicates maintenance of the buying volume of the recent week, which it was thought might prove to be morely a temporary spurt.

Bonds were irregular. Total sales, par

morely a temporary spurt.

Honds were irregular. Total sales, par value, 33,951,000. Panama 3s registered advanced 14 and the coupon 3s, 14 on call.
